Can we make a new organizing model founded in:

- Mutual Aid + Faith-Based volunteering that already exists
- Strike fund for renters
- Legislation for rent-strike protection
- Buy-in from elected leaders

Some ideas:

- Organize large blocks of properties
- Those with legitimate legal claims can withhold rent
- Those without legitimate legal claims can provide mutual aid (strike fund, food, etc.)
- Talk with decision-makers who can do what we ask
- Make a 1, 5, and 10 year plan
- Tenant rights workshops
- Canvassing
- Flyers at public events or protests
- Coalition building with existing groups
- Start going to churches
